6 December 1972

Honorable Stuart Symington
United States Senate
Washington, D. C. 20510

Dear Senator Symington:

When you paid us a visit on 15 November 1972 you suggested that we might find it worthwhile to review the record regarding the repayment of international debts. We have done so, and I enclose a copy of the results which you may find of interest.

I hope your recent travels were interesting and enjoyable, and we would like to hear about them whenever you can spare the time.

Sincerely,

John M. Maury
Legislative Counsel
